50 Annotated Chess Classics

by Paul Whitehead, American Open Champion
Master, FIDE (Fédération Internationale des Échecs)
Senior Master, USCF (United States Chess Federation)

Studying the games of the great chess Masters fully annotated on-screen is an easy way to grasp the action and the subtleties of chess. From the free-swinging 19th Century Masters, through the Bobby Fischer era, to the present Kasparov-Karpov era, American Open Champion Paul Whitehead provides expert commentary throughout each of the world's fifty most exciting chess games.

This is not a comprehensive tutorial on every aspect of chess like *Paul Whitehead Teaches Chess*. It is just a delightful romp through eight ages of chess and fifty of the most smashing, crashing, bone-crushing games of chess ever played. (Does not include the *Coffeehouse Chess Monster™* chess opponent program.)
