The Najdorf Sicilian Defense

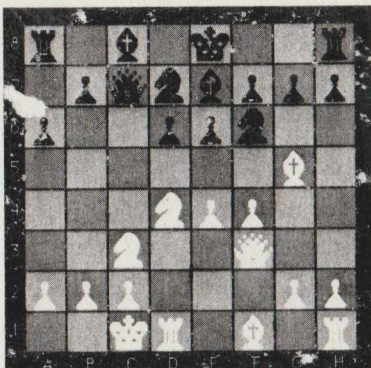

*by Louie Ladow and
Peter Biyiasas, Grandmaster,
Fédération Internationale des Échecs (FIDE)*

A favorite of World Champion Bobby Fischer and of six-time U.S. Champion Walter Browne, the Najdorf Sicilian is for those fearless souls who want to win even while playing the Black pieces. Again, we have compiled the best existing analysis, then let Grandmaster Biyiasas improve upon it. Also includes:

The Coffeehouse Chess Monster™

When you want to test your new knowledge against an opponent or just play an entertaining game, a single keypress calls the *Coffeehouse Chess Monster™* chess opponent program. The "Monster" will automatically set up the position you were viewing in the tutorial or offer you a new game. It is a fully-featured chess opponent program, with 9 playing levels and all the features you'd expect to find in a championship level program. Better than Sargon III™ or Chessmaster 2000™. And best of all, it is included FREE with every tutorial!

Sargon III is a trademark of Hayden Software.
Chessmaster 2000 is a trademark of Software Country.
